Although I strongly support Read Write Inc, I feel the school could improve communication with parents regarding students participation and progress. Additionally, I feel it important that ALL staff supporting students in RWI must be trained so all children have fair and equitable acces to quality learning

Anula is a great school with hard working enthusiastic teachers

Anula is an amazing school, with dedicated staff and leadership team. I am glad my children go to Anula

I think there should be more done for gifted and talented students. It seems to depend on the individual teacher rather than having a broader approach. So called 'enrichment' sessions suit some children but not all. I don't think they're adequate for addressing the needs of G&T students. Plus the sessions haven't been running in recent times as ToM isn't on this year. (On another note, I think it would be fairer to seek ToM participants another way, rather than just picking them from those who attend 'enrichment'.)

I think year 6 students and families should hear more about the increased workload in year 7. I don't think Anula, or many public primary schools, prepare students adequately for the amount of homework students receive in year 7. I also think there could be more done by primary and middle schools to support students and parents manage use of devices, specifically students who become part of middle school programs where they need to bring their own device.

My children are very happy at Anula - socially, emotionally and developmentally. They have a strong sense of belonging and fun.

Streamlined communication systems would help. See saw seems to be where most information is posted, but it is easy to miss when you have multiple students.  
Overall, great job ??

This is an excellent school! Teachers are a true asset.

Unsure whether my child is being extended enough.

Would like homework in hard copy not online - I believe it is better for students to get the practice writing and reading from paper as apposed to on screens

Yes there is a problem which we have also discussed but it doesn't make any solution. We live in malak and there is a bus timing issue Arrives for pickup at 7:10 in the morning and Comes in at 3:55 to drop School difference from our home is only 2 kilometers But the child has to travel a lot of extra time inside the bus.

As a family we think that anula school needs to consider a fence around the school to ensure children's safety and parents peace of mind while at school.

Bullying behaviour needs to be addressed appropriately so that kids feel safe to raise behaviours of concern

I have been dissappointed with the communication of a teacher this year . Seesaw messages are not responded too.

As parents we do not feel welcome in the classroom space.

The teacher made my child aware of grades- explaining an a- is awesome. b-brilliant- c-competent d-disaster. My child now feels grade pressure when they should not at such a young age. grades were again talked about at parent teacher interviews. 'you did not get an A because...' I do not want my young child worried about getting an A.

Icy Poles are given out as rewards for the 'best' work. what about the children that are trying their best, but that work is not perceived as the best by the teacher.

More hands on with science laboratory works to develop multiple experimental techniques and help to build interest with co-students or friends.

We are very happy with Anula school and feel that our children's emotional well-being is as important to staff as their academic learning.

Wonderful school, great teachers .

I am very new parent of this school but my experience with this school from the day I came to touch with it it has been going well till today. My kids is also eagerly goes and comes from school. Teacher share every activities of child. henceforth, I would like to say this school is one of best in Darwin.

Loving the school both teacher have been amazing years 3 and 5

My children have mostly a positive time at school, and feel supported. We do feel confident that we can approach the teachers/ staff with any issues.

We do not like all communications coming through Seesaw, like having to scroll back for a canteen menu or newsletter, I did prefer the tabs of school stream.

I also feel bad when I message seesaw out of hours. But we work full time, volunteer, study, and parent so often this is when we have time, I just hope the teachers have their notifications off so we don't disturb them.

We were happy that the school fair was changed to bi-annually, but happy to take part in other activities as well if we have time, we find it sad only a few people volunteer.

Plastic free oceans is a great initiative, but at home we often open little food packets and put the food into reusable tubs so my kids don't have the wrapping at school. The plastic still exists in the world, but I deal with it at home instead of it going to school.

need more contact from the Aboriginal Support Worker

VERY disappointing that Anula School doesn't value kids participation in school sports, inter school sports. Anula is one of the only schools that does not partake.

## 12 . Do you have any feedback on this survey?

I like this kind of survey much as it provides opportunity to share our views openly. Of course time and again this kind of survey should be done where we convey our thoughts.

We liked it very much and should have such surveys so that there is a way between teachers and parents.

Maybe questions about art/drama, science etc

Questions about other initiatives the school does such as the garden, plastic free oceans etcetera

No

Thank you for everything especially in providing efficient growth for every students. Keep up the good work!
